

CALL FOR SCIENTIFIC ABSTRACTS SCIENCE WEEK 2022 JUNE 23 - JUNE 25

ANZCVS
SCIENCE WEEK
2022

Abstract submission is now open

The College defines a scientific abstract as an overview of a novel scientific research project that provides a scientific audience with a concise but comprehensive representation of the entire project. Case series and case studies with high educational value may also fit this definition.

Abstract selection is a competitive process with the successful authors being chosen by a panel within each Chapter. Word count is limited to 250 words.

All abstracts are to be submitted to the contact person for each Chapter indicated below by **29 April 2022**. The presenting author **MUST** be the author who submits the abstract.

Please navigate to the information document link for more information on the submission process and dates for each Chapter Abstract Session.

TOPIC: Chapter Scientific Abstract Sessions

SUBMISSION CLOSE DATE: Friday April 29

LOCATION: The Star, Broadbeach, QLD

DATE: Thursday June 23 - Saturday June 25

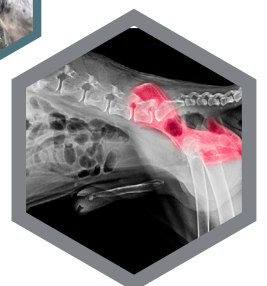

Complimentary In-person Day Registration Provided
