

AUSTRALIAN AND NEW ZEALAND COLLEGE OF VETERINARY SCIENTISTS

USE OF AUDIOVISUAL MATERIALS IN EXAMINATIONS

POLICY

The selection of audiovisual material for an examination must be based on “fitness for purpose”. Fitness for purpose means that selected material needs to meet the examiners’ purpose for the question(s) but does not necessarily need to be perfect or complete (in terms of a series of images).

Assessment of fitness for purpose should be made under conditions as similar as possible to those that will be present during the examination. This particularly applies to situations where an original image might be selected for use in an examination and then reproduced, scanned or processed in some way prior to the examination.

Examination candidates are to be informed that audiovisual materials used in examinations are selected by examiners according to fitness for purpose.
