

BUSINESS ON THE GO THE PEAK MOBILE APP

STAY ON TOP OF YOUR BUSINESS AND FINANCES WITH OUR FREE MOBILE APP

The Peak Partnership's **MyAccountants** mobile app helps you manage your business and finances, with tools to track your vehicle mileage and business expenses, stay on top of the latest financial news, and calculate key financial information in an instant. Here's just some of our mobile app features:

MILEAGE TRACKER LOGBOOK

You can GPS track your mileage, start and end locations, time and distance travelled. You can even transfer the data to your computer, the office or your accountant. Throw away the logbook in the glove box.

RECEIPT MANAGER

Track and save all your business expenses right on your phone or tablet. Accessing and transferring your expense data is simple, so throw away the receipt shoe box – and you won't have to worry about lost receipts any more.

INCOME TRACKER

Log project or contractor income on the go. Just take a photo, insert any notes, and your income details are immediately saved onto your device – no more lost income, or confused accounts at the end of the month. Income Tracker is perfect for smaller, contractor type workers who are managing up to 30 income sources a month and want to start keeping a digital copy.

TAX TABLES

Our mobile app features the latest tax tables so you'll always be up-to-date with tax rates, surcharges (including Medicare Levy Surcharge) and thresholds.

17 CALCULATORS

Fingertip access to all the popular business and finance calculators you'll need. Our calculators module includes:

- Personal income tax calculator;
- Company tax calculator;
- PAYG withholding;
- Super contributions caps;
- Capital Gains, GST and FBT calculators;
- Loan repayments;
- Currency conversion calculator;
- Stamp (transfer) duty and Land Tax;
- Payroll tax, and more.

KEY FINANCIAL DATES

All important financial dates for the current financial year are listed, so you'll know what payments are due and when.

PEAK LATEST NEWS

We'll keep you up-to-date with key information and notifications that are important to you.

HOW TO DOWNLOAD OUR FREE MOBILE APP
