

AN OVERVIEW OF OUR DEBT RECOVERY SERVICES

WHEN CASH FLOW IS CRUCIAL TO YOUR BUSINESS

In conjunction with Nexus Collections, The Peak Partnership can offer business clients a range of debt collection and accounts receivable management services to help keep cash flow fluid and bad debts at a minimum.

With proven experience across all aspects of debt recovery and credit risk assessment, our Nexus Collections team specialises in:

- Commercial and consumer debt recovery projects;
- Portfolio debtor management (account receivables administration);
- Business credit management review and advice; and
- Business credit management training.

All of these services are suitable for any business that sells goods or services on credit terms – regardless of size, turnover or industry sector. This includes business-to-business and consumer retail enterprises. Geographical location of your business or that of your debtors does not affect our ability to recover individual debts or manage your debtors' ledger.

The benefits of using our Debt Recovery and Debtor Management services include:

IMPROVED CASH FLOW

Outstanding debts are collected without sacrificing income or profit.

TIME SAVING

Not needing to pursue bad debts or manage your own accounts receivables, you and your staff have more time to focus on the more strategic and profitable aspects of your business.

CUSTOMER RETENTION

Debt collection is a sensitive issue that requires experience in order to recover the funds owed and to keep you customer.

CUSTOMER BEHAVIOUR

When Nexus Collections manages your accounts receivable portfolio, your customers become better educated about their payment responsibilities.

For more information about our corporate debt recovery services, you can contact Steve Downs, our Nexus Collections Director, on 07 3287 2433 or email sdowns@nexuscollect.com.au.
